SMOOTH FIBERGLASS DOORS

BEAUTY & DURABILITY

Timberline smooth fiberglass doors provide a contemporary feel to your home. The doors are built for durability and are tough enough to withstand the elements.

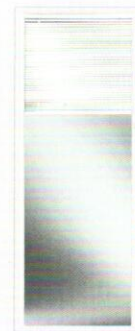

- Reinforced skins are engineered not to splinter, crack, warp, rot or delaminate
- All surfaces are easy to paint and clean
- Full-length composite stiles and rails with HydroShield provides 6-sided protection against water infiltration, mold, and insects
- Fully insulated with an inner core of polyurethane foam, which provides superior thermal performance and greater energy efficiency
- Can be installed within single or double door systems, hinged as left or right, and inswing or outswing
- 25-year limited warranty on door panels
